Staff Obsessions

JENN KARASIK

POSITION: *Marketing*

SKIN TYPE: *Oily/Sensitive*

Current Product Obsession:

I love the Blue/Black Enzyme Mask. I have struggled with cystic acne in the past and I can attribute the glow and health of my skin to this product. Since I have sensitive skin, I need gentle exfoliation to speed up cell turnover. The beauty about this mask is that while exfoliating it calms and hydrates my skin turning out to be the perfect combination for a skin type like mine.

Product Trick:

I like to use the mask before I go into the shower. I put it on 5 minutes beforehand so it can absorb well into the skin and then I rinse off the mask as my last step in the shower.

Favorite 'Outside' Activity / Hobby:

Yoga, hiking and playing in the kitchen.

Favorite Wellness **TIP:**

Drink plenty of water and get plenty of rest.

Favorite Ole-ism:

“Live in the present and focus on love, joy and happiness.”
